A Ministry overseen by Petersville Church of Christ

It is for freedom that Christ has set us free. Stand firm, then, and do not let yourselves be burdened again by a yoke of slavery. (Galatians 5:1)

Mission

Our mission is to help all of our "neighbors" live in the dignity given to mankind when we were created in the image of God. Our desired outcome is that when children "graduate" from Harry's Home at age 18 they will be physically, spiritually, intellectually, and emotionally healthy; educationally and vocationally equipped to live a full life as a valued productive member of the Bonnette community.

By now you probably know that on August 14th at 7:29 AM, Haiti was rocked by an earthquake measuring 7.2 on the Richter scale. As a point of reference the 1989 quake that caused the Oakland Bay Bridge and over 2 miles of Interstate 880 in Oakland California to collapse was 6.9.

As of August 28th reports on the Haiti quake indicate that 2,027 died, at least 12,268 were injured, 344 are still missing. Over 136,800 buildings were damaged or destroyed. That is incomprehensible. Based on property tax records there are approximately 50,693 buildings on Manhattan Island in New York. So imagine the Manhattan skyline; three times that many buildings destroyed.

On August 16th a special edition of this newsletter was published requesting your prayers and support. Praise God, the response from all of you; both individuals and churches has been over whelming. We give all the praise and glory to Him, but also want to offer special thanks to each of you. The love and generosity you all show time and again is beyond description. It can only be the hand of God."

A scripture that we cling to is Matthew 6:33, "But seek first His kingdom and His righteousness, and all these things will be given to you as well." By your actions we KNOW God keeps this promise.

Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these."

Harry's Home Gets its Second Well

Clean water is a commodity that is essential for life itself. In the US we take it for granted. Not so in Haiti where 80% of the population is effected by intestinal parasites. Even artesian water can be contaminated.

From the beginning it was planned that Harry's Home would have two wells. Now, two years after opening the drilling of the second well is pictured here.
