A Ministry overseen by Petersville Church of Christ

It is for freedom that Christ has set us free. Stand firm, then, and do not let yourselves be burdened again by a yoke of slavery. **(Galatians 5:1)**

Mission

Our mission is to help all of our "neighbors" live in the dignity given to mankind when we were created in the image of God. Our desired outcome is that when children "graduate" from Harry's Home at age 18 they will be physically, spiritually, intellectually, and emotionally healthy; educationally and vocationally equipped to live a full life as a valued productive member of the Bonnette community.

May 26th Virtual Mission Trip

Last month we mentioned that our first "virtual Mission trip" will "leave" May 26th at 6:00 PM CDT.

We believe that "relationships" are the most important factor of the success of any ministry; our relationship with God, with our partners in the US, and most importantly with the believers on the ground in Haiti.

These "Virtual Mission Trips" represent an opportunity to restore and reinforce those relationships, in spite of conditions on the ground in Haiti during the past two plus years.

By now you should have received an invitation to "attend" this virtual trip via a Facebook event entitled, "Haiti Virtual Mission Trip."

If you don't recall seeing the invitation **here are some suggestions.**

If you are a Facebook user and a follower of Liberté Ministries, check Facebook for an invitation. On Facebook, click on the "Events" button on the left navigation bar. Then click on the next to "Your Events" and then select "Invites." From there, follow the on-screen prompts to accept.

If you are a Facebook user and are not a follower of the ministry, please search for Liberté Ministries, follow us, and then email jay@liberteministries.org, with the subject line "Virtual Mission Trip," describe what you have done, and we'll get an invitation to you.

If you are a Facebook user and a follower of the ministry, but did not receive and invitation, please email jay@liberteministries.org with a subject line "Virtual Mission Trip," describe your situation, and we'll get an invitation to you.

If you would like to join us for the "trip,"and you are not a Facebook user, please follow the same email instructions and we'll ensure that you receive the links to join us for departure.

It is a "virtual trip" so you will need either a computer, smart phone, or other Internet device.

In order to join us on the trip, you will need to load the free Zoom software onto your device.

If you plan to use your smart phone and need to load Zoom, go to your Ap store, search for Zoom and follow the on-screen prompts

If you plan to use a computer and need to load Zoom, go to https://zoom.us/ download and follow the on-screen prompts.

If you would like to get more detailed instructions, follow the email instructions above, and we will provide a step-by-step guide via return email

We are looking forward to an interesting and informative trip. Hope to see you there.

Come on Around to the Kitchen Door

When I was a boy, almost no one ever used the front door to the house. In fact, thinking back just now, I can remember living in a couple of houses where I can't remember where the front door was even located.

We've written quite a bit about the front door to Haiti being closed for the past two plus years. If it hasn't been closed outright, it sure has been all but blocked.

In an effort to find new and innovative ways to continue the Lord's work in Haiti, we have walked around back to try the kitchen door; the Dominican Republic.

Earlier this month Arvy and Harry made a trip to meet with Jean Claubert and Louizanie Belton in Santo Domingo, DR, about 4 hour drive from Haiti. Everyone was happy for an opportunity to spend time together being refreshed and invigorated by time together and with the Lord.

In addition to just time together, there was time to plan for the coming months, explore the needs of the ministry, and learn more about what we in the US can do to build God's Kingdom in Haiti,

Arvy and Harry also formed new relationships and began exploring new ways to manage logistics moving forward. We hope to begin develop ways to mitigate some of the obstacles presented by Haiti's domestic situation

Pito ou mache sou "pinga" pou ou pa pile "si m' te konnen."

Better to walk on "don't" than to step in "if I'd only known.".

Caution now prevents regret later.
